

SignPro Frame:

TR1

Total Graphic Area: 4.4375"w X 6"h
Trim Size: 3.4375"w X 5"h

Please be sure to include the 1/2" bleed around the perimeter. DO NOT design any critical elements (text, logos, etc.) within .5" of the edge (gray area is recommended safe area).

General Art Guidelines:

- CMYK Color Mode
- All Solid Coated Pantone colors should be called out in the art as spot colors
- Embed all images and support files
- Resolution must be 100-120 ppi
- All fonts must be created to outlines
- Do not scale artboard
- Background color/images must bleed to the edge of artboard
- Do not use spot colors from template in your artwork as they will not print

SIDE 1

The diagram illustrates the layout for the back side of a document. It features a large, light gray rectangular area representing the 'bleed area'. This area is enclosed by a dashed black line, which represents the 'trim line'. The text 'SIDE 2' is centered within the gray area. In the bottom right corner, there is a legend with three entries: 'bleed area' with a line pointing to the gray area, 'trim line' with a line pointing to the dashed border, and 'safe area' with a line pointing to the inner white margin. The entire diagram is framed by a solid black border.
