Lumina 1, 2, 5, 6, 8
To Remove Lamp:
Turn off and unplug the light fixture. Let light fixture cool before handling light bulb. Light bulbs become hot quickly, so exercise caution when working with light bulbs or fixtures. When light bulb has cooled, use a soft cloth to gently pull the light bulb out of its fixture. Removing the light bulb from its fixture without the use of a soft cloth will leave skin oils on the bulb, which may damage it.

To Fit or Replace Lamp:
Using a soft cloth, remove the new light bulb out of the box taking care not to touch the bulb with your bare fingers. Removing the new light bulb from its box without the use of a soft cloth will leave skin oils on the bulb, which may damage it. Be sure your light fixture is turned off and unplugged. While holding the light fixture, gently push the light bulb held in the soft cloth all the way into the light fixture.

Lumina 200
To Remove Lamp:
Turn off and unplug the light fixture. Let light fixture cool before handling light bulb. Light bulbs and the light shade become hot quickly, so exercise caution when working with light bulbs or fixtures. When light bulb and fixture has cooled, unscrew the two small finger screws that hold the glass cover in place. Using a soft cloth to prevent skin oils from damaging the bulb, gently push the light bulb to one side and gently pull the bulb out. Light bulbs are spring loaded and should release easily.

To Fit or Replace Lamp:
Using a soft cloth, remove the new light bulb out of the box taking care not to touch the bulb with your bare fingers. Removing the new light bulb from its box without the use of a soft cloth will leave skin oils on the bulb, which may damage it. Be sure your light fixture is turned off and unplugged. Unscrew the two small finger screws that hold the glass cover in place. While holding the light fixture, gently push the light bulb to one side and slide the opposing end into place. Light bulbs are spring loaded and should position easily.

Lumina 200 LED – Lumina 200 LED light bulbs are not replaceable.
