additional information:

Lumina 2 and LED Spot banner lighting option available

Lumina 2

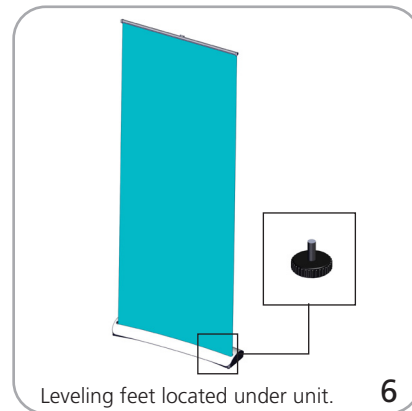

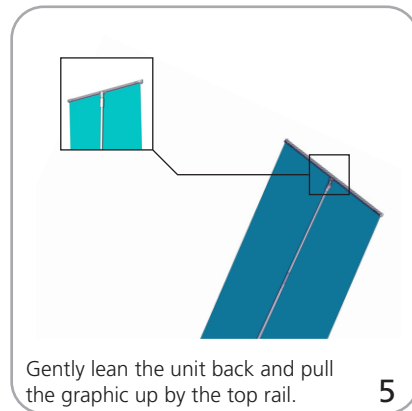

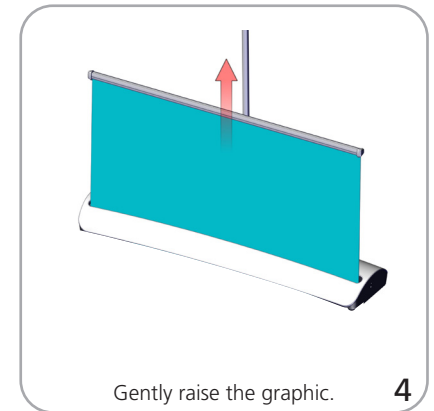

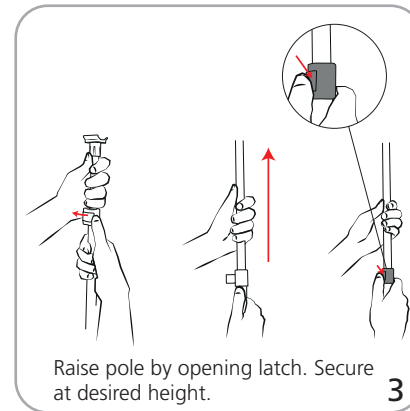

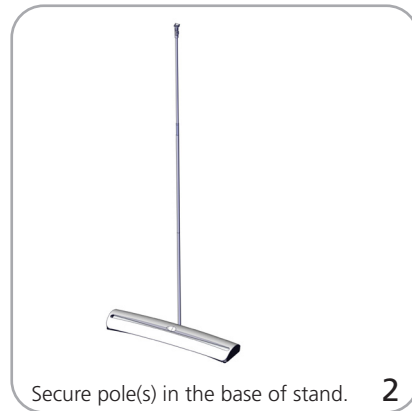

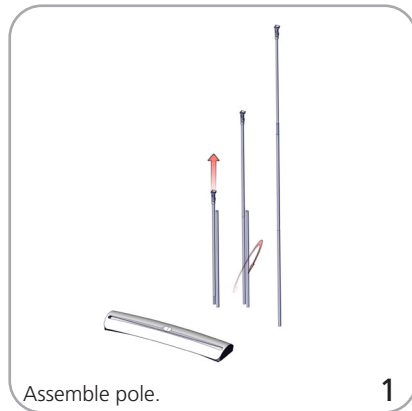

LED Spot

WARNING: Always attach graphic to base and top rail before removing the locking pin. After fitting, the graphic should be left for 24 hours before use to ensure the adhesive bonds sufficiently. Opening the base will invalidate the product warranty.

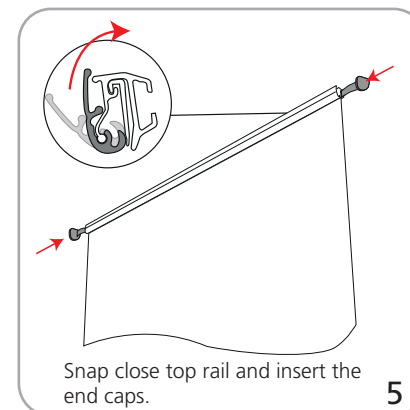

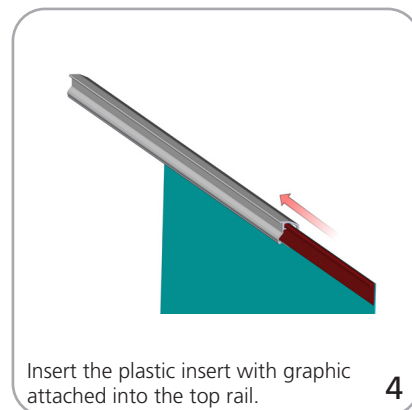

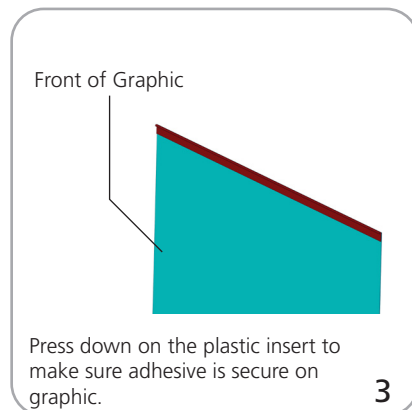

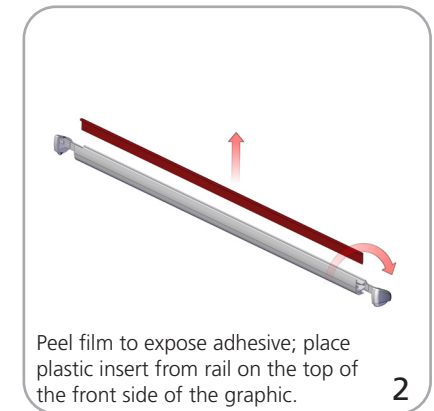

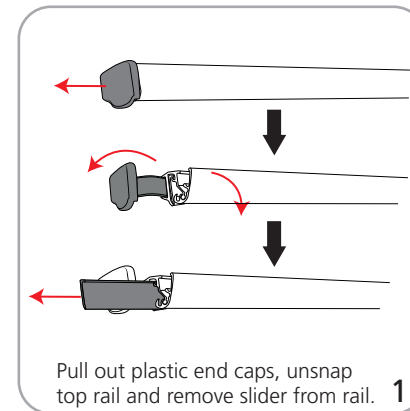

Graphic tension may be re-applied or added. See visual instructions.

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications.

Set-up

Graphic to top rail attachment (plastic insert)

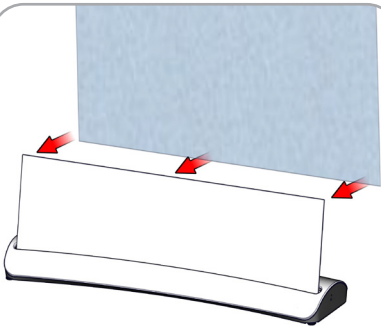

Graphic to base attachment

Extend the white leader strip from the base.

1

Line the bottom of the front of the graphic print with adhesive tape on back of the white leader strip.

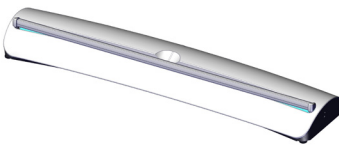

2

Front of Graphic

Remove film from adhesive tape. Once aligned, apply pressure to graphic to adhere tape.

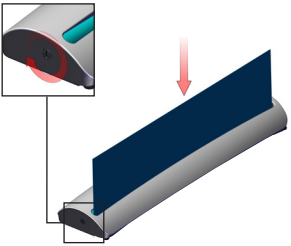

3

Slowly retract graphic print into the base.

4

Tensioning Graphic

Graphic can be re-tensioned.

1

To retention, start by reinserting pin.

2

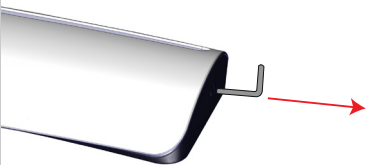

Insert flat head screw driver (not included) and turn clockwise.

3

Turn screw driver 1-2 intervals until desired tension is achieved.

4

Remove pin.
