Formulate 20’ Funnel

FUN-01
Formulate® Funnels transform any environment through form, fabric and lighting. Funnels feature a heavy-duty, wooden base and silver powder coated truss interior to create a dynamic, towering structure that commands attention. Fabric graphics feature a zipper at the top and a silicone edge at the bottom for easy assembly. Accent LED light kits are not included, but can be purchased a la carte to add a glow within the funnel structures.

features and benefits:
- State-of-the-art 30mm curved aluminum tube frame with expanding spigots
- Easy to store and ship
- Quick to set up
- Kit includes: one frame, one dye-sublimated zipper pillowcase graphic, and two wheeled molded OCH2 storage cases (base packs separately).
- Lifetime hardware warranty against manufacturer defects

FUN-01

Section 2

[Diagram with labels: FUN-HUB-TRI, TRI30-1200, TRI30-1200, TRI30-1200]
Connection Methods

Connection Method 1:
FUN-BASE / FUN-PLATE-ST

Take the two halves of the wooden round base with the two metal base plates and align them together. Use the provided hardware to fasten them together. There are four corners that you will need to fasten, each corner gets 1 bolt, 1 washer and 1 wing nut. Fasten them tight.

Connection Method 2:
FUN-BASE / TRI-30

Use the provided hardware to fasten the TRI-30 on to the metal base plates. There are three holes at the end of the TRI-30, each hole gets 1 bolt and 1 washer. Fasten them tight.

Connection Method 3:
TRI-30

Use the provided hardware to fasten the Trilok TRI-30 to TRI-30. There are three holes to each Trilok section, each hole gets 1 bolt and 1 wing nut. Fasten them tight.

Connection Method 4:
ES30

Turning counter clock-wise, loosen the screws found inside of the spigot buttons. Do not remove them. Compress the spigot and insert into the tubes. Once the spigot is in the tubes, the spigot will decompress and the button will protrude through the tubes. Turning clock-wise, lock the spigot buttons in place. Do not over tighten.
**Connection Methods**

Connection Method 5:  
FUN-BASE / FUN-PLATE-ST

Turning counter clock-wise, use the provided allen key tool to disengage the clamp. Place the clamp teeth into the channel and turn clock-wise to engage into place. Do not over tighten.

Connection Method 6:  
FUN-01-G / FUN-BASE

Once the pillowcase is zippered at the top ring and the tower is upright, pull the bottom end of the fabric into the round wooden base fabric channel.
Gather the components needed to assemble the base and the first Trilok truss upright. Use exploded view section 1 for layout. Leave the assembly laid out on the floor. Do not stand until Step 4. Reference Connection Methods 1 and 2 for more details.

Gather the components needed to assemble the top of the funnel. Use section 3 sheets for layouts and tube labels. Leave the assembly laid out on the floor. Do not stand until Step 4. Reference Connection Methods 3, 4 and 5 for more details.

Gather the components needed to assemble the rest of the Trilok truss uprights. Use exploded view section 2 for layout. Leave the assembly laid out on the floor. Do not stand until Step 4. Reference Connection Method 3 for more details.

Apply the fabric pillowcase while the Funnel frame is still laid out on the floor. Zipper the pillowcase at the top. Carefully stand the funnel with pillowcase. Reference Connection Method 6 for more details.
Kit Assembly

Step by Step

Step 5.
With the funnel standing upright, pull the pillowcase down towards the round wooden base.
Reference Connection Method 6 for more details.

Step 6.
Setup is complete.
The Formulate line is a collection of stylish, ergonomically designed tabletop, 8ft, 10ft, 20ft exhibits, hanging structures, and display accessories. Formulate combines state-of-the-art zipper pillowcase dye-sublimated fabric coverings with a premium lightweight aluminum structure. Formulate is efficient, easy to assemble and disassemble, and offers remarkable style options and choices.
