Modulate Door

MOD-DOOR-M
The Modulate™ Door is a magnetic door that provides easy entry into a Modulate space. Use in conjunction with Modulate banners to create walls, exhibits and environments. The Modulate door features one tubular frame with magnets inside; simply assemble the frame, pull over the fabric graphic, attach the feet and you are done! Mix, match and design your own combinations.

features and benefits:
- State-of-the-art magnetized frames with snap button assembly
- Door can open from left or right side, requires specification
- Includes one frame with stabilizing feet, one single-sided zipper pillowcase fabric graphic and one portable carry bag
- Can be recycled
- Lifetime warranty

Graphic

*Feet not shown as one side of the door frame would connect to an existing banner's foot depending on left or right door opening configuration.
Magnetic door knob simply attaches to the frame

2 graphic configurations based off left or right door opening (door knob placement)

To change the door to left side opening (not pictured) simply remove the door knob, flip the frame and re-attach the door knob

Recommended to attach knob after applying graphic.
