

Suspended Signs

The SUSP Series combines sets of back-to-back extrusion for elegant, effective signage and comes in a variety of standard formats. Available in anodized silver or powder-coated black finish. Clear, non-glare lenses are optional and custom lengths are offered to meet your specifications.

features and benefits:

- Combines sets of back-to-back extrusions
- Elegant, effective signage in a variety of standard formats
- Choice of black or grey end caps
- Standard with clear non-glare lens and suction cup for quick, graphic changes
- 2 styles to choose from
- No assembly required
- Customized lengths available
- Quick shipping

dimensions:

Hardware	Shipping
Assembled unit: see catalog	Shipping weights and dimensions vary depending on the quantity of product ordered. Contact your dealer for your specific weights and dimensions.

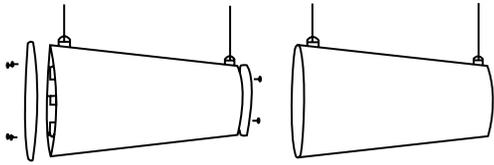

additional information:

- Graphic material:
Frames can accommodate a multitude of sign substrates from printed paper inserts, laminated printed, cut vinyl, etc. Your sign professional will help you find the material that's right for your project.
- Custom lengths available
 - All lengths measurements (as shown on pg.2) apply to the extrusion only and exclude the end caps

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications.
